\* ITEM-50: (O-93-110) INTRODUCED, TO BE ADOPTED FEBRUARY 22,  
1993

Introduction of an Ordinance authorizing the execution of a second amendment to the agreement of July 23, 1990 with the San Diego Unified School District, for construction, maintenance and lease of turfed field and recreation facilities at Adams Elementary School; authorizing the City Auditor and Comptroller to transfer an amount not to exceed \$8,000 from Mid-City Park Development Fund No. 39094 to CIP-29-710.0, Adams Avenue Park - Development; authorizing the expenditure of not to exceed \$8,000 from CIP-29-710.0, Adams Avenue Park - Development, for the purpose of providing funds for the above project.

(Mid-City Community Area. District-3.)

CITY MANAGER SUPPORTING INFORMATION: On July 23, 1990, the City Council approved an agreement with the San Diego Unified School District for the construction, operation, maintenance and lease of turfed fields and recreation facilities at the Adams Elementary School site. On September 9, 1991 a first amendment to the agreement was approved to provide additional funds to complete the project's undergrounding of electrical utilities and to provide for an art element to be completed with the park development. The Adams Joint Use Park's Final Acceptance and Notice of Completion were filed on September 15, 1992. Due to additional consultant design and coordination efforts associated with the art element and the utilities undergrounding, additional consultant fees in the amount of \$8,000 are required to compensate the consultant. Mid-City Park Development funds have been identified and are recommended for use in supplementing this project.

McCarty-yea, District 8-vacant, Mayor Golding-yea.

\* ITEM-101: (R-93-920) ADOPTED AS RESOLUTION R-281408

Awarding a contract to MCR Electrical Contractors Inc.,  
in the amount of \$210,420, which is 36 percent over the  
estimate of \$154,600, for replacement and upgrade of  
Centre City Traffic Signal System from Broadway to  
Market Street and from Fourth Avenue to Sixth Avenue;  
authorizing the City Auditor and Comptroller to  
transfer \$94,310 from CIP-68-011.0, Annual Allocation -  
Modernize Top 5-10 Prioritized Traffic Signals  
(TransNet Fund 30300), to CIP-68-103.0, Replacement and  
Upgrade of Centre City Traffic Signal System from  
Broadway to Market Street and from Fourth Avenue to  
Sixth Avenue; authorizing the additional expenditure of  
\$94,310 from CIP-68-103.0, for said project and  
related costs. (BID-K3444/93)  
(Centre City Community Area. District-2.)

CITY MANAGER SUPPORTING INFORMATION: The subject Capital  
Improvement Program Project to replace and upgrade the traffic  
signal system includes the installation of traffic signal  
standards, programmed visibility signal heads, the replacement of  
8-inch signal heads with 12-inch signal heads and standardized  
pole mounted street name signs. The traffic sign system provides  
for the safe passage of pedestrians and vehicles through the  
intersections. Bids were opened for the Replacement and Upgrade  
of Centre City Traffic Signal System on November 4, 1992 with a  
low bid of \$210,40 from MCR Electrical Contractors, Inc. This  
bid was the lowest of the five bids received from eleven bid  
packages issued and was 36 percent above the budget of \$154,600.  
It is anticipated that rebidding would not produce a  
significantly lower bid; therefore, it is recommended that this  
contract be awarded to MCR Electrical Contractors, Inc.

ITEM-107: (R-93-1061) CONTINUED TO FEBRUARY 2, 1993

Approving the North City Water Reclamation Plant, as described in Environmental Impact Report DEP-91-0516; directing the City Manager to continue with the development of the plant; certifying that the information contained in Environmental Impact Report DEP-91-0516, has been completed in compliance with the California Environmental Quality Act of 1970, as amended, and State guidelines, and that the report reflects the independent judgement of the City of San Diego as Lead Agency; and that the information contained in the report, together with any comments received during the public review process, has been reviewed and considered by the Council in connection with approval of the North City Water Reclamation Plant; adopting the Mitigation Monitoring and Reporting Program, or alterations to implement the changes to the project as required in order to mitigate or avoid significant effects on the environment.  
(University Community Area. District-5.)

CITY MANAGER SUPPORTING INFORMATION: City Council authorized the City Manager to proceed with the design and environmental review of the North City Water Reclamation Plant (NCWRP) in October 1991. The design is proceeding on schedule and is to be completed by January 1993. The plant will treat 30 million gallons per day (mgd) of wastewater during the first phase (by 1997) and ultimately 45 mgd during the second phase (between the years 2010 and 2020). This plant will serve reclaimed water markets in the northern and central area of the Metropolitan Sewerage System. The Draft Environmental Impact Report (EIR) for this project was distributed on September 15, 1992 (DEP-91-0516/WU-CWP No. 93-047). The public review period ended on October 29, 1992. The Final EIR was distributed on December 10, 1992 and is scheduled to be reviewed by the Planning Commission on January 7, 1993.

ITEM-108: (R-93-1073) TRAILED TO FEBRUARY 2, 1993

Authorizing the City Manager to accept a grant deed of Deer Canyon Ltd., conveying to the City 30 acres of sensitive habitat lands on Del Mar Mesa, which property is being acquired as offsite mitigation for the North City Water Reclamation Plant, CIP-42-910.1; authorizing the transfer of \$880,000 from Clean Water Program Fund 41509, CIP-42-910.3, Otay Valley Water Reclamation Plant, and \$45,000 from CIP-45-920.1, Metro System Operating Center to CIP-42-910.1, North City Water Reclamation Plant; authorizing the expenditure of an amount not to exceed \$925,000 from Clean Water Program Fund 41509, North City Water Reclamation Plant, CIP-42-910.1, for the acquisition of real property and related costs.

(Del Mar Mesa & University Community Areas.  
Districts-1 & 5.)

CITY MANAGER SUPPORTING INFORMATION: This action provides for the acquisition of 30 acres of sensitive habitat on Del Mar Mesa as offsite Mitigation for the North City Water Reclamation Plant project (CIP-42-910.1). The site, which contains sensitive plant species, wildlife corridors and potential for enhancement as vernal pools, is identified in Environmental Impact Report and Mitigation Monitoring and Reporting Program, DEP-91-0516, dated December 7, 1992. This site also satisfies the goal of having mitigation sites adjacent to existing permanent open space with the similar habitats, resulting in a larger contiguous habitat. Aud. Cert. 9300650.

\* ITEM-113: (R-93-1132) ADOPTED AS RESOLUTION R-281422

Expressing sincere appreciation to all members of the Clean Water Program Governance Advisory Group for their great contribution of time and effort and for the results they achieved during their tenure.

CITY MANAGER SUPPORTING INFORMATION: On December 18, 1992 the Clean Water Program Governance Advisory Group conducted its last meeting. The Advisory Group was established by Resolution R-274888, adopted December 12, 1989, to advise the Council of the City of San Diego concerning the appropriate form or entity for the management and organization needed to implement the City's Clean Water Program, with due consideration to be given by the Advisory Group to the financial and fiscal impacts of such recommendation. The Advisory Group has had 31 meetings since February of 1990 in which it has considered the merits of

alternatives for the appropriate form of management and organization needed to implement the Clean Water Program, and has recommended implementation of a special act district (approved by the City Council by Resolution R-275521, adopted on April 19, 1990). The Advisory Group was instrumental in the drafting and passage of Senate Bill 1225, approved by the State Legislature and signed by Governor Wilson on September 22, 1992, establishing the San Diego Area Wastewater Management District, and has continued to serve and provide recommendations on the structure of the Clean Water Program until the Board of Directors of the District is convened in January 1993. The Advisory Group benefitted from strong leadership from former Poway Councilmember Linda Brannon during 1990 and from El Cajon Councilmember Harriet Stockwell during 1991 and 1992. Chairwoman Brannon played a vital role in incurring passage of SB 1225 and Chairwoman Stockwell was instrumental in keeping the Advisory Group focused on the needs of the San Diego region as a whole. The City Council of San Diego sincerely appreciates the great contribution of time, effort and results from all members of the Advisory Group.

\* ITEM-115: (R-93-1152) ADOPTED AS RESOLUTION R-281424

Authorizing the execution of an amendment to the Grant Award Agreement with State of California, California State Library, for the new Valencia Park Branch Library.

(Emerald Hills Community Area. District-4.)

CITY MANAGER SUPPORTING INFORMATION: In May of 1992, the City received California Library Construction and Renovation Act (Proposition 85) funding for a new 15,000 square foot Valencia Park Library (Grant Award P85-044). The State agreed to award \$2,966,943, or 65 percent of the eligible costs for this project. The City Council passed a resolution on July 13, 1992 (R-280332) accepting the grant award. The remaining costs for the project were to be funded by local sources and Community Development Block Grants (CDBG). After further City staff review and discussions with community members, youth focus groups and City Council representatives, the City concluded that a larger library was needed in order to adequately accommodate all the community needs that were identified. In July, 1992, \$1.8 million dollars in additional funding sources, including CDBG and Developer Impact Fees, were identified by the City allowing the expansion of the building project from 15,000 to 26,042 square feet. Library staff amended the grant application and project budget to reflect the larger size facility and submitted the revised documents to the State for review. The State has given conditional approval to the amended grant application. For final approval the amended grant award agreement must be executed and Council must pass a resolution that certifies the application and project budget changes.

\* ITEM-116: (R-93-1135) ADOPTED AS RESOLUTION R-281425

Authorizing the City Manager to apply for Clean Air and Transportation Improvement Act Bikeway grants from the California Department of Transportation for the

construction of the Grand Avenue/Mission Bay Drive Bikeway, the Ocean Beach Path Extension and the Perez Cove Way Bicycle Path.  
(Midway, Mission Bay, Ocean Beach, Pacific Beach Community Areas. Districts-2 and 6.)

CITY MANAGER SUPPORTING INFORMATION: The Clean Air and Transportation Improvement Act (CATIA), Proposition 116 on the June, 1990 ballot, authorized a bikeway grant program available to local agencies. Three City projects are proposed through this funding source. The Grand Avenue/Mission Bay Drive Bikeway (\$137,000), the Ocean Beach Bicycle Path Extension (\$350,000) and the Perez Cove Way Bikeway (\$166,650). Each of these projects is consistent with the applicable community plan. Two of the projects have already received grant funding for design. SANDAG has allocated \$25,000 in Transportation Development Act funds each for final design of the Grand Avenue/Mission Bay Drive Bikeway and the Ocean Beach Bicycle Path Extension projects. The third project, Perez Cove Way Bikeway, is consistent with the planned Sea World parking lot modification project which involves the reconstruction of Perez Cove Way. Construction of the Perez Cove Way Bikeway is planned as part of the parking lot modification project.

\* ITEM-117: (R-93-1133) ADOPTED AS RESOLUTION R-281426

Amending the Fiscal Year Capital Improvement Program 1993 budget by adding CIP-29-801.0, Scripps High School Joint Use Athletic Lighting; authorizing the Auditor and Comptroller to transfer an amount not to exceed \$100,000 from Scripps/Miramar Special Park Fee Fund No. 11230 to CIP-29-801.0, Scripps High School Joint Use Athletic Lighting; and to transfer an amount not to exceed \$53,000 from Scripps/Miramar Special Park Fee Fund No. 11230 to CIP-29-729.0, Jerabek School Ballfield Renovation.  
(Scripps Miramar Ranch Community Area. District-5.)

CITY MANAGER SUPPORTING INFORMATION: The proposed addition to

the FY 93 CIP will provide funding for additional athletic field lighting at the new Scripps Ranch High School. The community has requested that this additional athletic field lighting be provided for ballfields and other amenities to facilitate joint use by the school and the community. The community has also requested that the Jerabek Elementary School Joint Use Area receive additional improvements. The original project funding provided two full-sized baseball backstops. This additional funding will provide for a skinned infield on the primary baseball field, related irrigation system modifications, and a decomposed granite running track around the entire sports field. \* ITEM-118: (R-93-770) ADOPTED AS RESOLUTION R-281427

Authorizing the City Auditor and Comptroller to transfer an amount not to exceed \$56,756 from Fund No. 63021, Deposit Trust Fund, Account No. 9022 to Fund No. 63022, CIP Trust Fund; authorizing the transfer of an amount not to exceed \$56,756 from Fund No. 63022, CIP Trust Fund, to CIP-52-377.0, Skyline Drive from Valencia Parkway to Deerock Place; authorizing the transfer of an amount not to exceed \$54,244 from CIP-58-004, Annual Allocation - Miscellaneous Requirements - City Streets, Fund No. 30300 to CIP-52-377.0; authorizing the transfer of an amount not to exceed \$115,000 from TransNet Interest, Fund No. 30300 to CIP-52-377.0; authorizing the expenditure of an amount not to exceed \$226,000 from CIP-52-377.0, Skyline Drive - Valencia Parkway to Deerock Place (CIP Trust Fund No. 63022), for the purpose of providing funds for the above project.  
(South Encanto - Lomita Village Community Area. District-4.)

CITY MANAGER SUPPORTING INFORMATION: On October 12, 1990, the City Council awarded a construction contract to Sim J. Harris Company for the improvement of Skyline Drive from Valencia Parkway to Deerock Place, identified as CIP-52-377.0. Additional

bicycle lanes, traffic signal loops and retaining walls were needed to complete the project. Street resurfacing work which was originally scheduled to be done by the Street Division was delayed pending the completion of the improvement work. The Street Division's funds to do this work have since been reallocated for other purposes. Therefore, the resurfacing work was completed with this contract. To complete this project, an additional \$226,000 is required. This would provide funds for change orders and for engineering charges. A portion of the improvement work along the southerly side of Skyline Drive, just east of Woodman Avenue, was a condition of the adjacent property owner's tentative parcel map (TM-860926, W.O. No. 900511). The adjacent property owner, V. R. Haynie, agreed to pay a lump sum of \$56,756 to the City in order to have this condition removed and he subsequently deposited this amount into the "Deposit Trust Fund." It is requested that this money be transferred to the "CIP Trust Fund" for this purpose.

ITEM-119: (R-93-1128) ADOPTED AS RESOLUTION R-281428

Authorizing the execution of an agreement with Advanced Systems Technology, Inc., for as-needed corrosion engineering services; authorizing the City Auditor and Comptroller to transfer an amount not to exceed \$150,000 within Water Revenue Fund 41500, from CIP-73-310.0, Annual Allocation for Corrosion Control, to the Water Operations Engineering Program (70830); authorizing the expenditure of an amount not to exceed \$150,000 from Water Revenue Fund 41500, Water Operations Engineering Program (70830), for the purpose of providing funds for the above project; authorizing the City Manager to finance or refinance this project with tax exempt securities, if circumstances so warrant.

CITY MANAGER SUPPORTING INFORMATION: A request for two as-needed consultants for corrosion engineering services was

advertised on May 1, 1992 in the San Diego Daily Transcript. The City's Consultant Nominating Committee received four letters of interest from qualified consultants and selected four firms to be interviewed. In accordance with Council Policy 300-7, the firms were interviewed on July 21, 1992, and Advanced Systems Technology, Inc. an MBE firm, was selected as one of two firms best qualified to provide the as-needed consultant services. An agreement is forthcoming for the other consultant selection. The agreement provides for as-needed corrosion engineering services on a task basis not to exceed \$25,000 per task. These services would include corrosion investigation, designs, installations, and evaluations for major pipelines, pumping stations, water and wastewater treatment facilities and other miscellaneous projects. The total cost of the agreement shall not exceed \$150,000 for a period of one year from the date of execution by the City Manager.

\* ITEM-120: (R-93-1144) ADOPTED AS RESOLUTION R-281429

Authorizing the execution of Amendment No. 3 to the existing agreement with Black & Veatch, Consultant, for additional engineering services for the construction of the South Effluent Outfall Connection project at a cost not to exceed \$254,587;  
authorizing the City Auditor and Comptroller to transfer an amount not to exceed \$254,587 from Sewer Revenue Fund 41506, CIP-44-001, Annual Allocation - Sewer Main Replacement Program, to CIP-46-134.0 - Point Loma Sedimentation Basins 11 and 12 and Effluent Channel Modifications; authorizing the expenditure of an amount not to exceed \$254,587 from Sewer Revenue Fund 41508, CIP-46-134.0 - Point Loma Sedimentation Basins 11 and 12 and Effluent Channel Modifications, for the purpose of executing this agreement.  
(Peninsula Community Area. District-2.)

CITY MANAGER SUPPORTING INFORMATION: In order to meet the discharge requirements for the Point Loma Wastewater Treatment Plant (PLWTP), as amended by the City's National Pollutant Discharge Elimination System (NPDES) permit, and in order to meet Metropolitan Sewerage System flow projections, in January 1990 the City retained engineering services with Black & Veatch (B&V) Consultant to provide construction documents for: 1) South Effluent Outfall Connection, and improvement to the existing effluent system; and 2) Sedimentation Basins 11 and 12, rescheduled to FY 94. The design work for the South Effluent Outfall Connection (SEOC) project was completed on March 1992 and the project was advertised for construction on June 1992. The SEOC provides for a backup system for conveying and controlling effluent (treated sewage) from the top of the plant to the ocean outfall. This system will minimize the introduction of air into the system and will provide a second independent route for conveying effluent, while allowing for maintenance and repair of the existing aging system. This request is for approving Amendment No. 3 to the engineering agreement with Black & Veatch Consultant to provide additional engineering services requested by the City. This additional work includes a hydraulic surge analysis of the entire effluent system with the extension of the existing outfall and construction of the second parallel outfall in the near future. Also included is the services related to replacing the existing 54-inch throttling valve with a new 84-inch in-line sleeve valve and two associated needle valves, and additional construction services. The total authorization of Amendment No. 3 is \$254,587, with 15.2 percent MBE participation. The total MBE/WBE participation for the entire contract is 13.8 percent.

\* ITEM-122: (R-93-1141) ADOPTED AS RESOLUTION R-281431

Authorizing the City Manager to consent to an agreement between the City of National City and the Spring Valley Sanitation District for the transfer of 1.00 million gallons per day capacity in the Metro System; authorizing the execution of a fourth amendment to the Sewage Disposal Agreement with the Spring Valley

Sanitation District; authorizing the execution of a second amendment to the Sewage Disposal Agreement with the City of National City; authorizing the execution of an agreement with the Spring Valley Sanitation District for the transportation of sewage through the Otay Mesa Transmission System.

CITY MANAGER SUPPORTING INFORMATION: The City of National City and the Spring Valley Sanitation District are Participating Agencies in the Metropolitan Sewerage System (Metro). National City currently has capacity rights of 8.10 million gallons per day (MGD) and Spring Valley has 9.70 MGD. National City has determined that it has excess capacity and has agreed to transfer 1.00 MGD to Spring Valley. This capacity would be held by Spring Valley on behalf of future development of East Otay Mesa properties which are outside the Spring Valley Sanitation District. Spring Valley intends to transfer this capacity to a Sanitation District which shall be formed at a later date to service the properties. In accordance with the Agencies' respective agreements with the City of San Diego, they have requested the City's consent to the transfer. The Participating Agency Agreements permit transfers of capacity between agencies. However, such transfers are subject to the determination by the City of San Diego, that the transfers will not unbalance the Metro System to the detriment of the City or another Participating Agency. In this case, staff has concluded that there will be no adverse impacts as a result of this transfer. Further, in compliance with Council Policy 400-8, the area to be served is within the sphere of influence of the City of San Diego only and therefore the transfer does not require the approval of other Participating Agencies. Finally, the Otay Mesa Sewer Construction and Operation Agreement grants the City of San Diego the sole right and responsibility to allocate the sewer capacity provided by the Otay Mesa Transmission System. Staff has determined that unused capacity exists within the trunk lines and is willing to provide such sewer capacity to the Spring Valley Sanitation District.

ITEM-200: (R-93-1364) ADOPTED AS RESOLUTION R-281438

In the matter of a proposal by Councilmember Wolfsheimer to modify the landscaping and fencing of the Torrey Pines Slope Restoration Project.  
(Docketed in response to the Council directive of January 4, 1993. District-1.)

CITY MANAGER SUPPORTING INFORMATION: On January 4, 1993, in conjunction with a related item, City Council discussed the landscaping of the Torrey Pines Slope Restoration Project (CIP-52-329.0) and how it related to a view of La Jolla Shores from Torrey Pines Road. It should be noted that when the project was designed in 1988, there was not an existing view, and its preservation was not included in the La Jolla Community Plan. Therefore, the view was not an issue during the project's design. Staff has investigated lowering the existing fence or replacing it with a more attractive material. The cost of this would range between \$5,000 and \$15,000. Additionally, it should be noted that any relocation of the trees down the slope would be in conflict with providing the adjacent property owners with the privacy and living environment they enjoyed prior to the City project.

FILE LOCATION: MEET

COUNCIL ACTION: (Tape location: D324-E541.)

Motion by Wolfsheimer to approve the following: 1) install a fence that is four feet high; 2) plant oleanders lower on

the slope to buffer in any views of the private property owners below; 3) arrange for a contract with these three land owners so the City can trim the oleanders should they ever grow above the view line; and 4) whatever landscaping that is justifiable and fair shall be added to replace that which was lost. No vote.

MOTION BY ROBERTS TO ACCEPT THE STATUS QUO AND THE INTENT OF THE CITY MANAGER IN APPROVING THE ENGINEERING & DEVELOPMENT DEPARTMENT'S RECOMMENDATION THAT THE FENCE AND THE PLANTINGS WOULD REMAIN. IF THE PROPERTY OWNERS DESIRE TO PLANT TREES TO REPLACE THOSE TREES THAT WERE TAKEN OUT, THE NEW LANDSCAPING MUST BE CONSISTENT WITH THE EXISTING LANDSCAPING. THERE IS NO NEED FOR FURTHER HEARINGS. A CLAUSE SHALL BE ADDED TO CLARIFY THAT THE CITY HAS NO RESPONSIBILITY FOR THE MAINTENANCE OF THE LANDSCAPING. Second by Behr.
