* ITEM-104:

SUBJECT: Inviting Bids for Construction of the North City Tunnel
Connector (CIP-42-910.8).
(University City Community Area. District-6.)

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-94-1172) ADOPTED AS RESOLUTION R-284297

Inviting bids for the North City Tunnel Connector
Project NS-1/NRP-4B on Work Order No. 193580;
Authorizing a contract with the lowest responsible

Stating for the record that the City as Lead Agency
under the California Environmental Quality Act of 1970,
has reviewed and considered the final Environmental
Impact Report DEP-90-0212 and Supplemental DEP-92-0613.
(BID-K94116)

CITY MANAGER SUPPORTING INFORMATION:

The North City Tunnel Connector is an integral part of the North
City Water Reclamation Plant. The North City Tunnel Connector
Project consists of a 2,000 foot long tunnel housing four
pipelines. The first pipeline will be an 84-inch gravity flow
sewer that will carry raw sewage from an existing sewer line to
the North City Water Reclamation Plant. The second is a 54-inch
effluent pipeline that will carry effluent from the plant to an
existing sewer. The third is a 36-inch diameter reclaimed water
distribution line that will carry reclaimed water from the North
City Water Reclamation Plant to Genesee Avenue Reclaimed Water
distribution system. The fourth is a 24-inch plant waste line
that will discharge filter backwash water into the existing
sewer. The tunnel will also house fiber optic conduits that will
serve as primary communication lines for the treatment plants and
pump stations in the San Diego area. A common tunnel for all of
these pipelines and the communication line is the most economical
alternative for connecting the North City Water Reclamation
Plant, located east of I-805, with the sewer system and reclaimed
water distribution system on the west side of I-805.

(BID-K95002)

CITY MANAGER SUPPORTING INFORMATION:

This project is the latest phase of an ongoing program to landscape center medians and improve intersections along El Cajon Boulevard in the Greater North Park area. Previously completed projects are between Park Boulevard and Texas Street and between Illinois Street and Interstate Freeway 805. The presently proposed project would reconstruct the center median of two blocks of El Cajon Boulevard between 30th Street and Illinois Street, install jacaranda trees and other ornamental plants in the median and install an 'S' median in the intersection of Ohio Street. The 'S' median would prevent hazardous left turns and through movements from the minor side street (Ohio) but allow left-turns and U-turns from El Cajon Boulevard.

The project design is supported by the El Cajon Boulevard Gateway Business Improvement Association. Community Development Block Grant funding to begin design of the currently proposed project was approved by City Council in July, 1990. On May 17, 1993, Council approved the allocation of \$750,000 in TransNet funds for various projects on El Cajon Boulevard in the Greater North Park and Mid-City areas. Of that amount, \$49,618 was previously authorized for design, staff and related costs of this project. An additional \$301,000 is proposed to be authorized for construction costs of this project. The project will be maintained through an already established landscape maintenance district. In addition, actions are proposed to reimburse the El Cajon Boulevard Median Improvements Project, east of I-805, with \$150,000 of TransNet Bond funds from the North Park Public Improvements Project. A previous Council action transferred \$150,000 in TransNet cash from the El Cajon Boulevard Project to the North Park project. Transfers are also proposed to establish separate budgets for El Cajon Boulevard improvements on both sides of Interstate 805 and to eliminate a redundant CIP for El Cajon Boulevard, CIP-52-560.0.

SUBJECT: AmeriCorps Planning Grant.
(Districts-3,5, & 8.)

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-94-2011) ADOPTED AS RESOLUTION R-284305

Authorizing the City Manager to apply for, accept and expend a planning grant from the Federal Corporation for National and Community Service via the California Commission on Improving Life Through Service titled "IMPACT (Innovation, Motivation, Participation and Action for Community Triumph) San Diego."

CITY MANAGER SUPPORTING INFORMATION:

The 1993 National and Community Service Trust Act created the Corporation for National and Community Service, which makes grants via the California Commission on Improving Life Through Service for community service programs, including AmeriCorps. The purpose of AmeriCorps is to place college-age youth in community service positions to empower communities to address human, public safety, environmental, and educational needs. Included in these formula grants are planning grants to support a one-year planning period to develop partnerships and create a plan for a full service AmeriCorps program application. The City of San Diego, in partnership with the San Diego Mediation Center, Youth Economic Enterprise Zones Program, and Safe Haven, has developed a proposal for a planning grant. Grant funds will be used to hire and train a Community Development Specialist to manage the planning process, and develop a plan and grant proposal for FY 1995 funding.

SUBJECT: Community Facilities District No. 1 - Annual Special Tax Levy.

(Miramar Ranch North Community Area. District-5.)

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-95-79) ADOPTED AS RESOLUTION R-284313

Establishing the special tax to be levied in the 1995 Fiscal Year for Community Facilities District No. 1, Miramar Ranch North, in accordance with the City Manager's recommendation, to wit: residential property, \$0.92 per square foot; industrial property, \$12,000 per acre; undeveloped property, \$3,492.82 per acre.

CITY MANAGER SUPPORTING INFORMATION:

In 1991, the City Council adopted resolutions which established the formation of Community Facilities District (CFD) No. 1, authorized the issuance of limited obligation improvement bonds to finance public infrastructure in or serving the district, and approved the annual levy of a special tax in an amount sufficient to pay yearly debt service on the district's outstanding bonds. This Council action would establish the specific rates, apportionment and total amount of special tax to be levied and collected on property within the boundaries of CFD No. 1 for the 1995 Fiscal Year. The annual rate and apportionment of special tax was first approved in July 1992 and will be presented to Council for consideration each year until final maturity of all bonds in the district. Based on debt service needs for the upcoming calendar year, an aggregate amount of \$3,288,644.28 in special taxes should be levied against parcels of land within the district. Consistent with the established procedure for determining the special tax rate applied to individual parcels, all taxable property has been classified into one of the following land use categories:

Land Use Category	Total Area	Special Tax Rate	Special Tax
Residential	149,100/s.f.	\$ 0.92/s.f.	\$ 137,172.00
Industrial	2.700/acre	\$12,000/acre	\$ 32,400.00
Undeveloped	892.995/acre	\$ 3,492.82/acre	\$3,119,072.28
		Total	\$3,288,644.28

The special taxes will be billed and collected in the same manner as ordinary ad valorem property taxes. Monies received in the form of special taxes will be used to pay next year's annual principal and interest due on the bonds, maintained the appropriate balance in the reserve account, and pay costs incurred by the City and the district in administrating the special tax levy.

SUBJECT: Foreign Trade Zone.
(District-8.)

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-95-73) CONTINUED TO AUGUST 1, 1994

Authorizing an agreement with Metro International Trade Services, Inc. for the operation of the San Diego Foreign Trade Zone #153;
Authorizing the City Manager or a designee from Economic Development Services to take any and all actions necessary to carry out the terms of the Agreement.

CITY MANAGER SUPPORTING INFORMATION:

On April 25, 1994, Cal Cartage, the current Foreign Trade Zone (FTZ) operator, notified the City that they would exercise their option and cease operations effective July 31, 1994. As a result, staff advertised a request for proposals and established a selection committee composed of representatives from the Greater San Diego Chamber of Commerce, the Southwestern College Small Business Development & International Trade Center, the Otay Mesa Chamber of Commerce and City staff from Brown Field. Five firms responded to the RFP. Two of the five proposals were considered non-responsive to the RFP criteria. Three firms were interviewed: Metro International, Weber Distribution and IMS Worldwide. The choice of the Committee and the recommendation of the Manager is Metro International for the following reasons:

- They have demonstrated experience operating a zone. They currently operate the Long Beach and Detroit FTZs.
- They are judged most able to assume zone operation in the shortest period of time.
- They were most responsive to the RFP criteria including

continuing a general purpose operation on Otay Mesa, no need for a City subsidy and providing a reasonable return to the City and good proposals for operation and marketing.

(Otay Mesa Community Area. District-8.)

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-95-82 Cor.Copy 08/16/94) ADOPTED AS RESOLUTION R-284314

Authorizing an agreement with the California Integrated Waste Management Board to promote the San Diego Recycling Market Development Zone through development of marketing and promotional materials and to develop a recycling market development database;
Authorizing the expenditure of not to exceed \$24,470 from Waste Management Enterprise Fund 41200, with the amount to be reimbursed by the California Integrated Waste Management Board.

CITY MANAGER SUPPORTING INFORMATION:

On April 4, 1994, staff from the Waste Management Department and Economic Development Services received an RFP from the California Integrated Waste Management Board (CIWMB) for proposals to further promote and/or improve assistance for the San Diego Recycling Market Development Zone (RMDZ), located in Otay Mesa, with funding from the State in an amount not to exceed \$25,000. Staff responded on April 25 with a proposal to perform the following services, with costs to be reimbursed by the CIWMB:
- The development and printing of promotional information about

the San Diego RMDZ;

- Advertising to promote the RMDZ and San Diego recycled product manufacturers;

- The creation of a recycling market development database, which would be used to provide feedstock supply information to recycled product manufacturers looking to site in the RMDZ.

On May 31, 1994, the CIWMB notified the Waste Management Department of the acceptance of the San Diego RMDZ project proposal, pending the signing of a contract with the State and authorization from the City Council in the form of a resolution. Acceptance of these funds will greatly enhance the City's promotional efforts for the RMDZ, as well as significantly increase the support available to recycled product manufacturers interested in establishing or expanding local operations. SUBJECT: First Amendment to the Agreement with Airport
Corporation of America for Special Consultant Services.
(Districts-5 and 8.)

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-94-1933) ADOPTED AS RESOLUTION R-284321

Authorizing the execution of a first amendment to the
agreement with Airport Corporation of America (ACA),
for special travel and consultant services in
conjunction with the Economic Rent Study for aviation
businesses at Montgomery and Brown Fields;
Authorizing the expenditure of not to exceed \$11,716.22
from Airports Fund 41100 for this purpose.

CITY MANAGER SUPPORTING INFORMATION:

The City Council approved an agreement with Airport Corporation
of America (ACA) to prepare an Economic Rent Study of aviation
businesses at Brown and Montgomery Fields at a maximum cost of
\$40,650. Another agreement with ACA was approved by the City
Manager to draft Minimum Standards and a Commercial Operating
Permit for each airport at a maximum cost of \$3,500. The work
was completed and the material was delivered. On four occasions
subsequent to the study's completion, John Kennedy, President of

ACA, was requested by the City to travel to San Diego from New Jersey to present supplemental information regarding implementation of the Economic Rent Study, minimum standards and commercial operating permit, and to share his expertise with the Public Facilities and Recreation Committee, the Airport Advisory Committee, aviation tenant groups, and other public officials. The special trips also generated additional work for ACA. All of these activities were outside of the Scope of Work for the Economic Rent Study, Minimum Standards, and Commercial Operating Permit. Processing of this amendment was delayed first at the request of ACA and secondly to make sure no other costs would be incurred. It is recommended that the City Manager be authorized to execute the First Amendment to the Agreement to reimburse ACA for actual expenses for four special trips to San Diego (\$6,520.37), plus actual costs of additional work completed after February 19, 1993 (\$5,196.25) for a total of \$11,716.22. SUBJECT: Renewal Agreement with the County of San Diego
Probation Department.

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-95-33) ADOPTED AS RESOLUTION R-284322

Authorizing an agreement with the County of San Diego Probation Department, to extend the existing agreement (Document No. RR-278955) for one year (Fiscal Year 1994-95), to continue to provide personnel to clean City-owned property;
Authorizing the expenditure of an amount not to exceed \$260,600 from the Waste Management Department/Services Division, Fund 41200, Dept. 751, Job Order No. 7732, for the above project.

CITY MANAGER SUPPORTING INFORMATION:

Since July 1984 the City has entered into agreements with the County of San Diego Probation Department to utilize Probation Department crews to clean City-owned property. This is a request to continue the agreement and authorize expenditures for an additional year. (Agreement Document No. RR-278955). Under this agreement, the County will supply crews of 12 or more persons with a supervisor to assist the Waste Management Department with cleaning trash and weeds from along roadways, open space areas, and the Miramar Landfill. The City will supply a lead person to designate the worksite and monitor the work. The cost to the City will be \$310 per crew per day.

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-95-56) ADOPTED AS RESOLUTION R-284324

Authorizing a second amendment to the agreement with the County of San Diego, to allow the San Diego Fire Department Hazardous Materials Response Team to format First Responders Hazardous Materials Business Plans, and providing for the reimbursement of the costs of this service from July 1, 1994 to June 30, 1995.

CITY MANAGER SUPPORTING INFORMATION:

On October 19, 1992, the City of San Diego entered into an agreement with the County of San Diego, allowing the Fire Department Hazardous Material Response Team to format First Responder Hazardous Materials Business Plans, with costs to be reimbursed to the City. San Diego Fire Department has begun the conversion of multi-page County Health Department hazardous materials business plans to a single page format. This format is used by first responders at emergency incidents which involve hazardous materials. The proposed second amendment to the existing agreement extends the conversion process to June 30, 1995. The County of San Diego will reimburse the City for the costs of this project, on a quarterly basis.

SUBJECT: One-Year Lease Agreement with the Federal Aviation
Administration (FAA) - Traffic Control Tower at Brown
Field Airport.
(Otay Mesa Community Area. District-8.)

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-95-36) ADOPTED AS RESOLUTION R-284325

Authorizing a one-year lease agreement, with nine
one-year options to renew, with a 180-day cancellation
clause that can be exercised by either party, with the
Federal Aviation Administration (FAA) for approximately
21,025 square feet of land and traffic control tower at
Brown Field Airport, with consideration during the
lease term to include the establishment, operation and
maintenance of the facilities for the control of air
traffic for the benefit of the public.

CITY MANAGER SUPPORTING INFORMATION:

The Federal Aviation Administration (FAA) has been a tenant at
Brown Field Airport since June 1972. The current lease includes
approximately 21,025 sq.ft. of land. The FAA built an Air
Traffic Control Tower on the site and maintains and operates the
Tower. The current lease is on holdover status. The FAA has
requested the City to renew the lease on an annual basis with
nine one-year options to be exercised by the FAA. Staff concurs
with the FAA and is proposing a lease term of one year with nine
one-year options, for a total of 10 years. The lease will
contain a 180-day cancellation clause, that can be exercised by
either party. Consideration during the term of the lease
including options is the establishment, operation and maintenance
of the facilities for the control of air traffic for the benefit
of the public, all at no cost to the City. The FAA, as an agency
of the U.S. Government, is subject to a comprehensive
anti-discrimination program.

SUBJECT: Agreement for Safety Footwear.

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-95-92) ADOPTED AS RESOLUTION R-284326

Authorizing an agreement with Industrial Safety Shoe, Inc., for the provision of American National Safety Institute rated safety footwear for City employees working in areas where foot hazards exist, for a one-year period beginning August 1, 1994 through July 31, 1995;

Authorizing the expenditure of not to exceed \$175,000 from Fund 100, Account Nos. 9544 and 3243.

CITY MANAGER SUPPORTING INFORMATION:

In 1990, the City established its Safety Footwear Program to guard against serious foot injuries to employees in the workplace, and to attain compliance with the General Industry Safety Orders (GISO), Section 3385. Since that time, the City has maintained contracts with Industrial Safety Shoe, Inc. and Boot World for provision of the footwear. After the recently completed RFP process, it was determined that a contract with the highest ranked respondent (Industrial Safety Shoe, Inc.) would be the most beneficial to City departments in hard dollar savings. Industrial Safety Shoe, Inc. agreed to additional discounts and extended warranties on most models that, when implemented, should reduce footwear related expenditures by approximately \$50,000 annually. Industrial Safety Shoe's condition for these additional discounts and warranties is an exclusive contract with the City for footwear. It is recommended that the contract with Industrial Safety Shoe, Inc. be approved as submitted. A request for proposals (RFP) for the provision of ANSI approved safety footwear was issued to 9 firms. The RFP was advertised in the Union-Tribune, Voice & Viewpoint, Asian Journal, La Prensa and Daily Transcript. Three of the firms submitted proposals. Industrial Safety Shoe, Inc., Boot World and Red Wing of Escondido (eliminated because it did not have a store front within 25 miles of the Civic Center) were evaluated by the Consultant Selection Committee composed of staff from both the Risk Management and Water Utilities Departments. The evaluation criteria included costs, warrantee, location, styles and quality of product, reporting capabilities and commitment to equal

opportunity. Industrial Safety Shoe, Inc. received the highest ratings from the evaluation committee.

(North Torrey Pines Community Area. District-1.)

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-95-64) ADOPTED AS RESOLUTION R-284327

Authorizing a First Amendment to Agreement with
Lettieri-McIntyre and Associates for the preparation of
the environmental document for the North Torrey Pines
Road Bridges Over Los Penasquitos Creek and San Diego
Northern Railway;
Authorizing the increase of not to exceed \$125,000 to
CIP-52-557.0, North Torrey Pines Road Bridge Over San
Diego Northern Railway from Gas Tax Bridge Maintenance
Fund 30219;
Authorizing the expenditure of an amount not to exceed
\$125,000 from CIP-52-557.0, North Torrey Pines Road
Bridge Over San Diego Northern Railway, for the purpose
of funding the above agreement.

CITY MANAGER SUPPORTING INFORMATION:

On February 8, 1993, per Resolution R-281449, the City Council
approved a Consultant Services Agreement with Lettieri-McIntyre
and Associates for the preparation of the environmental document
for the North Torrey Pines Road Bridge Replacement Project Over
Los Penasquitos Creek. While work was progressing on the

environmental document, the Federal Highway Administration, the agency which has final authorization for the construction of this Federally Funded Project, recommended that the North Torrey Pines Road Bridge over the San Diego Northern Railway also be included in the environmental document. Since the area of potential effect for the North Torrey Pines Road Bridge Over Los Penasquitos Creek is contiguous to the area of potential effect for the North Torrey Pines Road Bridge over the San Diego Northern Railway, it is proposed to amend the agreement with Lettieri-McIntyre and Associates to include both of the bridges. They will expand on work they have already completed, which will result in an environmental document being completed at the earliest possible time.

(Linda Vista Community Area. District-5.)

CITY MANAGER'S RECOMMENDATION:

Adopt the following resolution:

(R-95-38) ADOPTED AS RESOLUTION R-284329

Authorizing an agreement (with attached note and deed of trust) with the Vietnamese Federation of San Diego, making available to the Federation an amount not to exceed \$200,000 in CDBG funds, for the acquisition of real property located at 7833 Linda Vista Road, to be used as a refugee center providing social services to aid in the assimilation of refugees into San Diego, and into American society;
Authorizing the expenditure of not to exceed \$200,000 from CDBG Fund 18529, Vietnamese Federation - United Refugee Center, for acquisition of property rights and related costs.

CITY MANAGER SUPPORTING INFORMATION:

On April 23, 1993 the Public Services and Safety Committee approved CDBG requests for Council District allocations for

Fiscal Year 1994. On May 24, 1993, City Council adopted the FY 1994 CDBG Program. One item approved for District 5 was the subject of this Council action, i.e., the Vietnamese Federation - United Refugee Center down payment acquisition in the amount of \$200,000. The Vietnamese Federation opened escrow on May 5, 1994 to purchase property located at 7833 Linda Vista Road from L.V.R. Properties, Ltd. for \$300,000. The property was appraised for \$305,000 on May 25, 1994. The Vietnamese Federation by this Council action has entered into an agreement with the City to apply the \$200,000 (less staff costs and appraisal fee) to the purchase of the property.

SUBJECT: Seal Rock Marine Mammal Reserve.
(La Jolla Community Area. District-1.)

CITY MANAGER'S RECOMMENDATION:

Introduce the following ordinance:

(O-95-1) INTRODUCED, TO BE ADOPTED ON AUGUST 8, 1994

Introduction of an Ordinance amending Chapter VI, Article 3, of the San Diego Municipal Code by adding Division 10, entitled Ecological Reserves, and Section 63.1001, relating to Seal Rock Marine Mammal Reserve, to include California Coastal Commission Permit Conditions and California Department of Fish and Game Permit Exemption Conditions.

CITY MANAGER SUPPORTING INFORMATION:

On February 22, 1993 City Council adopted an ordinance establishing a five-year Seal Rock Ecological Reserve in about 1.4 acres of ocean and offshore rocks in La Jolla, contingent upon approval of the California Coastal Commission. On November 18, 1993, the California Coastal Commission (CCC) approved the Reserve contingent upon submission of the following: (1) Written approval from the State Lands Commission of the proposed five-year Reserve as consistent with applicable tidelands grants and the public trust. (This was received January 25, 1994.) (2) Revised Reserve boundaries excluding any sandy beach area and confining the Reserve to open coastal waters and offshore rocks. (Boundaries have been revised.) (3) Agreement in writing to submit an annual report on education and/or research activities related to the Reserve to the CCC Executive Director. (Document has been prepared.) The Reserve's fishing restrictions were appealed by a citizen to the Fish and Game Commission on March 3, 1994 and the Commission made it clear that they would not allow any fishing restrictions in the Reserve unless harbor seals were listed as endangered, which they are not. On June 16, 1994 the Department of Fish and Game provided the City with ordinance language acceptable to them which allows fishing in the Reserve consistent with the Federal Marine Mammal Protection Act, regulations of the Fish and Game Commission, and State law. In today's action, the ordinance adopted by Council on February 22, 1993 is being revised to include the CCC's first two special conditions and the Department of Fish and Game's revised fishing language. Also, reference to "Seal Rock Ecological Reserve" is changed to "Seal Rock Marine Mammal Reserve" to be consistent with the CCC permit. The next steps are for staff to submit the revised ordinance and other documents requested by the CCC to their Executive Director, who will issue a permit. The 5-year Reserve will be effective 30 calendar days after the effective date of the CCC permit.

District-8.)

MAYOR GOLDING'S RECOMMENDATION:

Adopt the following resolution:

(R-95-53) ADOPTED AS RESOLUTION R-284338

Declaring a continued State of Emergency regarding the discharge of raw sewage from Tijuana, Mexico.

CITY MANAGER SUPPORTING INFORMATION:

For over 50 years, renegade raw sewage flows from Tijuana, Mexico have flowed across the international border in the Tijuana River into the United States. These flows have impacted the health and safety of San Diego residents. The permanent solution to this border situation is the construction of the proposed International Treatment Plant by the federal government. This plant is expected to be operational by 1998 and will treat raw sewage from Mexico. In the interim, until the international plant is constructed, the City in 1991, agreed to accept and treat 13 million gallons per day of Tijuana sewage in the Metropolitan Sewerage System. The amount of flow that the City can accept is limited due to the capacity of the emergency connection. Due to increased water availability and usage in Tijuana, raw sewage flows in the Tijuana River have increased. These flows are beyond the capacity that can be handled by the Mexican treatment system and the emergency connection. These increased flows threaten the health, safety and welfare of the citizens of San Diego. The continued declaration of emergency will enable the City to assist state and federal agencies in

expediting the treatment of this international sewage. The government code requires the local governing body to review a State of Emergency every fourteen days until the local emergency is declared terminated. This action requests the continuation of the State of Emergency declared by City Council on September 7, 1993 and authorization for the City Manager to execute all necessary contracts for the diversion, treatment, and disposal of international raw sewage.

ITEM-203:

SUBJECT: Six actions related to Council Consideration of Ballot Propositions for the November 8, 1994 Election.

Adoption of the following resolutions:

Subitem-A: (R-95-68) ADOPTED AS RESOLUTION R-284339

Directing the City Attorney to prepare the necessary language to submit a four year waiver of the City's Tax Appropriations Limit (Gann Waiver) to the voters at the November 8, 1994 election.

Subitem-B: (R-94-2025 Rev.1) ADOPTED AS AMENDED AS
RESOLUTION R-284340

Directing the City Attorney to prepare the necessary language for submittal of a General Obligation Bond Measure to the voters at the November 8, 1994 election to provide for a new main library and to make improvements to branch libraries to implement Proposition N, which was approved on November 6, 1990.

Subitem-C: (R-94-2024 Rev.1) ADOPTED AS AMENDED AS
RESOLUTION R-284341

Directing the City Attorney to prepare the necessary language for submittal of the selection of one of two

alternative library sites to an advisory vote at the November 8, 1994 election to implement Proposition N, which was approved on November 6, 1990.

Subitem-D: (R-95-69) DEFEATED

Directing the City Attorney to prepare the necessary language for placement of a proposition amending the People's Ordinance of 1919 relating to trash pick-up on the November 1994 ballot.

Subitem-E: (R-95-72) ADOPTED AS RESOLUTION R-284342

Directing the City Attorney to prepare the necessary language to submit to the voters at the November 8, 1994 election, a proposition amending Section 141 of the City Charter pertaining to the vesting requirements for the City Employees' Retirement System.

Subitem-F: (R-95-70) CONTINUED TO AUGUST 1, 1994

Directing the City Attorney to draft the necessary language to place a proposition on the November 8, 1994 ballot to authorize the sale or lease of portions of Pueblo Lots 1276, 1304, 1305 and 1306.
(University Community Area. District-1.)

CITY MANAGER SUPPORTING INFORMATION:

The City acquired the Pueblo Lots under the Pueblo Lands Grant in 1874. The remaining un-ratified lots comprise about 190 acres and are currently zoned R-1-5000 and A-1-10. The Community Plan designation is to rezone the Pueblo Lots west of I-805 to Scientific Research (SR) after January 1995. The Pueblo Lots east of I-805 comprise approximately 74 acres, are currently zoned A-1-10 and R-1-5000 and are designated as open space. The property cannot be leased for longer than 15 years or sold until it is ratified by a majority vote of the people. The 74-acre Pueblo Lot was previously ratified for sale to the U.S.A. (Navy) as part of a multi-parcel sale/exchange. The City chose to retain the property, and in order to equalize the exchange paid the Navy \$3.4 million for it. The property has an easement which restricts its use for mitigation for the City's wastewater treatment plant site which is located directly to the north. The Metropolitan Wastewater fund would need to be compensated and the easement vacated in order to use it for other purposes. It would also be necessary to ratify it again to be able to sell or lease it to private parties. The purpose of the sale or lease would be to generate employment in fields such as bio-technology and manufacturing, and/or generate revenue and sales tax. If this

action is approved by the Council and the lots are ratified for sale or lease at the November 1994 election, the funds from a sale or lease would be placed in the Industrial Development Fund after Metropolitan Wastewater Fund is repaid.

RECOMMENDATIONS ON SUBITEMS A-F:

- (1) The City Manager recommends adoption of Subitems A and F.
- (2) The Public Facilities and Recreation Committee reviewed Subitems B and C on 5/11/94. PF&R voted 3-2 (Councilmembers Kehoe, Warden and McCarty voted yea; Councilmembers Stallings and Mathis voted nay) to place two sites on an upcoming City-wide ballot - downtown and Mission Valley - along with a specific mixed plan for financing, including public and private funding; in addition, include improvements for branch libraries; in the meantime, sponsor educational forums through the City to generate interest.
- (3) Councilmember McCarty recommends adoption of Subitem D.
- (4) The Retirement Board recommends adoption of Subitem E.

(BID-K95005)

CITY MANAGER SUPPORTING INFORMATION:

The 807-acre West Miramar Landfill Disposal Facility is located east of I-805, south of the U.S. Navy's Naval Air Station and north of State Highway 52. The City of San Diego operates the Miramar Landfill under a grant of easement from the United States of America which is administered by the U.S. Navy. Landfilling operations began in 1982 in the Phase I area and are scheduled to continue in the Phase II area through 2005 or later. The purpose of this work is to construct the improvements necessary to meet regulatory requirements mandated under Subtitle "D" of the Resource Conservation and Recovery Act. The improvements to be constructed include a double composite liner, leachate collection and monitoring system and other mandated environmental protection systems.
