MOTION BY FRYE TO ADOPT. Second by Hueso. Passed by the following vote:

* ITEM-103: Grant Application to U.S. Department of Justice, Office of Juvenile Justice and Delinquency Prevention (OJJDP) for Children’s Initiative Diversion Project.

STAFF’S RECOMMENDATION:

Adopt the following resolution:

(R-2009-765) ADOPTED AS RESOLUTION R-304641

Authorizing the Mayor, or his designee, for and on behalf of the City of San Diego, to apply for and accept a grant from the U.S. Department of Justice, Office of Juvenile Justice and Delinquency Prevention in an approximate amount of $156,511 for the Children’s Initiative Diversion Project;

Authorizing the City Comptroller, to accept, appropriate and expend approximately $156,511 in grant funds, if secured, and to establish a special-interest bearing account for the grant funds;

Authorizing the Mayor, or his designee, to enter into an agreement subcontracting the greater part of the grant funds to the Children’s Initiative Diversion Project for program expenditures;

Authorizing the Chief of Police to administer and oversee this program.
STAFF SUPPORTING INFORMATION:

The San Diego Police Department has been selected to receive a grant of approximately $156,511 from U.S. Department of Justice, Office of Juvenile Justice and Delinquency Prevention (OJJDP) to be implemented by The Children’s Initiative. Because OJJDP required that the application be submitted by a government agency, SDPD agreed to serve as applicant and fiscal agent.

The Children’s Initiative is a 501(c)(3) non-profit organization, the goal of which is to improve the well-being of children and youth in San Diego County. The Initiative builds and sustains strategic alliances with all sectors of the community, providing direct operational/organizational support and technical assistance to community based organizations, government institutions, schools and businesses.

Using an innovative school/law enforcement diversion partnership, the project works to keep children in school, improve youth decision making, and reduce youth contact with law enforcement and subsequent entrance into the juvenile justice system.

Through collaborative work with San Diego Unified School District and the San Diego Police Department, this project will implement diversion/intervention services to students identified as being at risk for dropping out and/or entering the justice system.

During a one-year period, the project will identify 150 students at the school site level using criteria developed by the partner agencies: poor attendance and problematic behaviors. A Juvenile Diversion specialist will develop individualized case plans, including intensive case management, mentoring, social skills training, problem solving, and referrals to other resources as needed. Intervening and providing supportive services for students when they first exhibit these risk behaviors will aim to increase student attendance, and decrease youths’ involvement with juvenile crime and violence.

The specialist will monitor progress monthly, and long-term effects will be assessed at six and twelve months following youths’ completion of the program. Assessment criteria will include school attendance and arrest/field contact reports, objective assessment tools, and family reports. Other than approximately $1,500 for mandatory travel by an SDPD representative, the entire grant amount will be subcontracted to The Children’s Initiative to fund salaries, supplies and operating expenses.
EEO:
This agreement is subject to the City’s Equal Opportunity Contracting (San Diego Ordinance No. O-18173, Sections 22.2701 through 22.2702) and Non-Discrimination in Contracting Ordinance (San Diego Municipal Code Sections 22.3501 through 22.3517).

FISCAL CONSIDERATIONS:
Approval of this project will result in no additional direct costs to the City or SDPD. There is no requirement for matching funds, nor to continue program operations or expenditures after funding is depleted or discontinued.

The Rancho Peñasquitos Planning Board on September 3, 2008, recommended denial of this project.
STAFF SUPPORTING INFORMATION:

REQUESTED ACTION:
City Council certify Mitigated Negative Declaration No. 2118, and adopt the Mitigation, Monitoring, and Reporting Program and approve Rezone No. 366168, Tentative Map No. 366169, Planned Development Permit No. 366166, Street Vacation No. 478535 and Site Development Permit No. 366167, to allow the subdivision of 2.13-acres of vacant land into three lots to construct two, two-story, single family residences and one Open Space lot.

STAFF RECOMMENDATIONS:
1. **Certify** Mitigated Negative Declaration No. 2118, and **adopt** the Mitigation, Monitoring, and Reporting Program; and

2. **Approve** Rezone No. 366168, Tentative Map No. 366169, Planned Development Permit No. 366166, Street Vacation No. 478535 and Site Development Permit No. 366167.

EXECUTIVE SUMMARY:
The vacant 2.13-acre site is located on the west side of the southerly extension of La Harina Court within the Torrey Highlands Subarea Plan IV, and is currently zoned AR-1-1 (Agricultural). The project site is bordered roughly to the south by Adobe Bluffs Road, to the west, east, and north by single-family residences (Attachment 3). The project proposes the subdivision of a 2.13-acre site into three lots to allow the construction of two single-family residences of approximately 4,812-square-feet and 4,642 square-feet respectively. The project proposes to rezone the 2.13-acre site from AR-1-1 (Agriculture) to RS-1-13 (Residential). The RS-1-13 zone would allow for the single-family development. The proposed project also requires the vacation of two public rights-of-ways. The rights-of-ways were to be used for the construction of Black Mountain Road, the road has already been constructed and these easements are no longer required. In addition, rather than providing the required legal frontage and access to Lot Two (2) as required by the applicable development regulations, the applicant has requested a Planned Development Permit, which allows the necessary legal frontage to be served via a private driveway extending southerly from La Harina Court. Staff supports the deviation which allows greater flexibility in the design of the project.

Staff has reviewed the proposed project and determined that, with the exception of the proposed deviations, the project meets all relevant regulations and is consistent with the purpose and intent of the regulations in effect for this site. Staff supports the proposed project as evidenced by the draft resolution of approval.
FISCAL CONSIDERATIONS:
All cost associated with this project are recovered from a deposit account maintained by the applicant.

PREVIOUS COUNCIL AND/OR COMMITTEE ACTION:
On October 9, 2008, the Planning Commission voted 6-0-1 to recommend approval of the project to the City Council.

COMMUNITY PARTICIPATION AND PUBLIC OUTREACH EFFORTS:
On July 2, 2008, the applicants presented the proposed project before the Rancho Penasquitos Planning Board for another review. The Board decided not to issue another official vote and their initial vote of 11-0-1 to recommend approval was still valid as of September 2, 2008. However, on September 3, 2008, the Board unanimously rescinded their previous approval and voted unanimously to deny the project.

Testimony in Opposition by Janelle Young.

Testimony in Favor by Russell De Phillips

**ITEM-332:** Scripps Miramar Ranch Community Plan Amendments, an amendment to the Scripps Miramar Ranch Community Plan and General Plan related to adding language for additional public safety related facilities within the Scripps Miramar Ranch Community Planning Area. In addition, an amendment to the Scripps Miramar Ranch Community Plan to reclassify Scripps Ranch Boulevard between Carroll Canyon Road and Aviary Drive from a four-lane major street to a two-lane collector street is being proposed to allow for permanent street improvements. (Scripps Miramar Ranch Community Plan Area. District 5.)

Matter of approving, conditionally approving, modifying or denying an amendment to the Scripps Miramar Ranch Community Plan and General Plan related to adding language for additional public safety related facilities (i.e. fire and medical) to adequately service existing and future development within the Scripps Miramar Ranch Community Planning Area. In addition, an amendment to the Scripps Miramar Ranch Community Plan to reclassify Scripps Ranch Boulevard between Carroll Canyon Road and Aviary Drive from a four-lane major street to a two-lane collector street is being proposed to allow for permanent street improvements.

(See Report to Planning Commission No. PC-08-114)
STAFF'S RECOMMENDATION:

Adopt the resolution:

(R-2009-820) ADOPTED AS RESOLUTION R-304663

Adoption of a Resolution adopting an amendment to the Scripps Miramar Ranch Community Plan to facilitate additional public safety related facilities and roadway reclassification in the Scripps Miramar Community.

OTHER RECOMMENDATIONS:

Planning Commission on October 23, 2008, voted 4-0-3 to approve.

Ayes: Shultz, Ontai, Otsuji, Golba
Not present: Naslund, Griswold, Smiley

The Scripps Miramar Ranch Community Planning Group has recommended approval of this project.

STAFF SUPPORTING INFORMATION:

REQUESTED ACTION:
A request is being made to review and vote on two (2) potential community plan amendments being made to the Scripps Miramar Ranch community plan. The first amendment would add language to allow for future public safety related facilities for existing development and as development occurs. The second amendment would reclassify a portion of Scripps Ranch Boulevard from Carroll Canyon Road to Aviary Drive, from a four-lane major street to a two-lane collector.

STAFF RECOMMENDATION: Adopt the resolution.

EXECUTIVE SUMMARY:

Fire Station
Scripps Miramar Ranch Community is served by Fire Station 37, located on Spring Canyon Road, which is located in the community of Miramar Ranch North. The Public Facilities Element of the Scripps Miramar Ranch community plan only identifies this station to serve the community.
The Fire-Rescue Department is very concerned about its ability to adequately serve the community to respond to fire and medical emergencies within the national response time standard of 5 minutes or less, 90% of the time. This concern is due in part to a steady increase in the number of incidents the station responds to, the size of Station 37’s district and response times below the citywide average for meeting the 5 minute response standard (45%). In order to increase the response times of the Fire-Rescue Department, the Scripps Miramar Ranch Community Plan needs to be amended to identify the need for additional facilities. The amendment would add the language which identifies the need to provide additional public safety related facilities for existing development and as development occurs.

**Roadway Reclassification**
A reclassification of Scripps Ranch Boulevard from Carroll Canyon Road to Aviary Drive, from a 4-lane major street to a 2-lane collector is requested as the second part of the amendment. The reclassification would allow for permanent improvements as desired by the community and would include a raised, landscaped center median, class two bike lanes, on-street parking and sidewalks.

**FISCAL CONSIDERATIONS:**
All costs associated with the processing of these plan amendments are paid through General Plan Monies budgeted for the City Planning & Community Investment department.

**PREVIOUS COUNCIL AND/OR COMMITTEE ACTION:**
The Planning Commission passed a recommendation to City Council to approve the amendments to the General Plan and the Scripps Miramar Ranch Community Plan.

**COMMUNITY PARTICIPATION AND PUBLIC OUTREACH EFFORTS:**
On June 5, 2008, the Scripps Ranch Planning Group voted 14-0-0 to recommend approval of the proposed community plan amendments.

**KEY STAKEHOLDERS AND PROJECTED IMPACTS:**
No property owners, business owners or developers have a direct financial interest. However, approval of the proposed plan amendments would benefit property and business owners, developers as well as residents in the Scripps Miramar Ranch community by completing the first step to locate additional fire stations in the community and would allow construction of permanent improvements to a segment of Scripps Ranch Boulevard.

MOTION BY DEMAIO TO ADOPT.  Second by Young.  Passed by the following vote: Lightner-yea, Faulconer-yea, Gloria-yea, Young-yea, DeMaio-yea, Frye-yea, Emerald-yea, Hueso-yea.

ITEM-333:  Vacation of a Portion of Jamacha Road and Cardiff Street.  Project No. 162129.  Request for a Street Reservation on lot "B" Map 2998 to be vacated. Located at the corner of Cardiff Street and Jamacha Road.  Real Estate Assets project for future Land Sale (City owned land). (Skyline-Paradise Hills Community Plan Area. District 4.)

Matter of approving, conditionally approving, modifying or denying a request for a Street Reservation on lot "B" Map 2998 to be vacated. Located at the corner of Cardiff Street and Jamacha Road.  Real Estate Assets project for future Land Sale (City owned land). Located in the Skyline-Paradise Hills Community Plan Area. Council District 4.

STAFF’S RECOMMENDATION:

Adopt the following resolution:

(R-2009-829)  ADOPTED AS RESOLUTION R-304664

Adoption of a Resolution authorizing the vacation of a portion of Jamacha Road and Cardiff Street.
OTHER RECOMMENDATIONS:

This item was not required to go before the Planning Commission for a recommendation.

The Skyline/Paradise Hills Planning Group on December 9, 2008, voted to recommend approval of the street vacation.

STAFF SUPPORTING INFORMATION:

REQUESTED ACTION:
Authorize vacation of a portion of Jamacha Road and Cardiff Street described in the Legal Description Exhibit “A” and as shown on Engineering Drawing No. 20890-B.

STAFF RECOMMENDATION:
Approve the requested action.

EXECUTIVE SUMMARY OF ITEM BACKGROUND:
The area to be vacated is an unimproved area of land lying south of Jamacha Road at the corner of Cardiff Street. This is a remnant portion of the street that was dedicated by Lomita Village Unit No. 5 Map No. 2998, recorded June 4, 1953. The portion of the street to be vacated is currently a vacant lot and was approved for sale by Council Resolution R-302653 dated May 29, 2007. On December 9, 2008, the Skyline-Paradise Hills Planning Committee recommended approval of the street vacation. City Staff recommends approval of the street vacation.

FINDINGS:
Staff review has indicated that the area to be vacated may be summarily vacated and that the four required findings for vacation can be made. These findings are:

a. That there is no prospective use for the right-of-way, either for the facility for which it was originally acquired, or for any other public use of a like nature that can be anticipated. There are no plans for a street to be constructed or widened at this location.

b. That the public will benefit from the action through improved utilization of land made possible by the street vacation. The land shall be sold and relieve the City of any future liabilities.

c. That the vacation is not inconsistent with the General Plan and approved Community Plan. The portion of the street being vacated is not part of the community plan transportation element and the land would revert to a commercial zone, which is consistent with the community plan land use designation. The Skyline-Paradise Hills Planning Committee recommends approval of the street vacation.
d. This street has no use and will not be extended. There are no present or future plans to construct a street in this area.

FISCAL CONSIDERATIONS: None.

The Otay Mesa Community Planning Group has recommended approval of this project.

REQUESTED ACTIONS:
Vesting Tentative Map; Easement Vacations; and a Planned Development Permit to construct 16 multi-story condominium structures consisting of 1,578 multi-family units on a previously graded 45.97 acre site in Planning Area 6 of the California Terraces Precise Plan (CTPP) within the Otay Mesa Community Plan area.

STAFF RECOMMENDATIONS:
1. **Certify** Addendum No. 4925 to Final Environmental Impact Report No. 86-1032; and **adopt** the Mitigation, Monitoring and Reporting Program.
2. **Approve** Vesting Tentative Map No. 551809; Easement Vacation No. 580203; and Planned Development Permit No. 8075.
EXECUTIVE SUMMARY:
The 45.97 acre project site is located south of Ocean View Hills Parkway, north of State Route 905 and west of A Street within the CTPP, Planning Area 6 and the Otay Mesa Community Plan area. The land use designation is medium-high residential and the zoning is RS-1-14 and RM-3-7, which allows for multi-family residential development.

In 1994, the City of San Diego certified the Final Environmental Impact Report (FEIR) for the California Terraces Precise Plan. Currently, the majority of the CTPP area has been either mass graded or is developed, including the subject site. The site is not adjacent to the Multiple Habitat Planning Area (MHPA).

The proposed project consists of 1,578 multi-family units within 16 multi-story condominium structures. The 16 residential buildings would consist of 10 four-story buildings and 6 three-story building. The units would range in size from one to four bedrooms (1,050 square feet to 1,400 square feet). Two levels of underground parking would be provided within each of the residential buildings. The project would also include three 9,600 square-foot recreational buildings and associated common open space. Access to the site would be provided from two locations along the future Old Otay Mesa Road/proposed public Street A and Del Sol Boulevard.

A Vesting Tentative Map is requested to subdivide the site into three lots for residential condominium development and one for a Home Owner’s Association lot. There is also a request to vacate a retention basin and a temporary construction easement. The easements were necessary for the widening of Otay Mesa Road, however now that the road widening has been completed the easements are no longer necessary.

A Planned Development Permit is required to grant deviations from the RM-3-7 height limit of 40 feet to a maximum of 58 feet. The increase in height is necessary to accommodate the density envisioned by the California Terraces Precise Plan. The height deviation will allow more units to be built on the site than if the 40-foot height limit were strictly applied.

Deviations from the RM-3-7 zone setback requirements are requested for street side yards and side yard setbacks. The setback deviations are supported. The density envisioned in the California Terraces Precise Plan would not be achieved if the setback was strictly applied and the proposed setbacks are consistent with the surrounding development pattern.

FISCAL CONSIDERATIONS:
None with this action. All costs associated with the processing of this project are paid for by the applicant.

ITEM-335: Supporting Legislation to Amend State Law to Permit Marine Mammals to Inhabit the Children’s Pool Beach in La Jolla, California and Directing the City’s Intergovernmental Relations Department to Seek Such Legal Legislation. (Children’s Pool Beach in La Jolla. District 1.)

(See Report from the City Attorney dated 2/9/2009.)

CITY ATTORNEY’S RECOMMENDATION:

Adopt the following resolution:

(R-2009-834) ADOPTED AS AMENDED AS RESOLUTION R-304668

Supporting amendment of the 1931 Tidelands Trust by the California Legislature to afford the City discretion to permit marine mammals to inhabit the Children’s Pool and discretion to preserve the marine mammals’ habitat at the Children’s Pool; and
Directing the City’s Intergovernmental Relations Department to pursue such a legislative amendment to the 1931 Tidelands Trust.

SUPPORTING INFORMATION:

In 1930, Ellen Browning Scripps constructed a concrete breakwater on the west side of what is now known as the “Children’s Pool” in La Jolla, California. At the time of the construction of the breakwater, the adjacent tidelands were held in public trust by the State of California. In 1931, the California Legislature passed the Tidelands Trust, Stats. 1931, Ch. 937, and named the City of San Diego as the trustee of the Children’s Pool. The statute creating the Trust provides, “That said lands shall be devoted exclusively to public park, bathing pool for children, parkway, highway, playground and recreational purposes, and to such other uses as may be incident to, or convenient for the full enjoyment of such purposes.”

During the last decade, a colony of seals has inhabited the Children’s Pool. An official with the federal National Marine Fisheries Service in 2004 estimated that approximately 1 million people visit the Children’s Pool annually. However, a Superior Court judge ruled in the case of Valerie O’Sullivan v. City of San Diego, Case No. D047382, that the Trust does not permit the Children’s Pool to be used as a habitat, a marine sanctuary, zoo or seal watching facility.

The Superior Court recently pronounced that the City should make plans to disperse the seals. Numerous citizens, including children, have petitioned the City to allow the seals to remain at the Children’s Pool.

The Legislature has the authority to amend or revoke a public trust. The proposed Resolution would support legislation to amend the 1931 Tidelands Trust to permit the City, as trustee, to allow marine mammals to continue to inhabit the Children’s Pool and to preserve the marine mammals’ habitat. This proposed amendment to the Trust is consistent with the Trust’s original intent that the Children’s Pool be a source of recreation for children. It is also consistent with a recent appellate court decision that held protection of undomesticated wildlife is a trustee’s obligation under the public trust doctrine. The Resolution mandates that the City’s Intergovernmental Relations Department seek such legislation.

FISCAL CONSIDERATIONS: None.

PREVIOUS COUNCIL AND/OR COMMITTEE ACTION:
On January 27, 2009, the City Council voted 6-1 in Closed Session (Councilmember Emerald not present) to advance the proposal to amend the 1931 Tidelands Trust to open session before expiration of the Legislature’s deadline for submission of proposed legislation.
COMMUNITY PARTICIPATION AND PUBLIC OUTREACH EFFORTS:
On January 26, 2009, the Council heard public comment on this issue in conjunction with a related Closed Session item that was heard on January 27, 2009.
